WORK EXPERIENCE

Code Ninjas

May 2022 – Present

Programming Instructor

Trinity, FL

- Code Ninjas is an organization that helps kids see the love and beauty of programming, by utilizing game design.
- As a programming tutor, I oversee classes, tutoring sessions, personal learning development, and client satisfaction.
 - Helped over 200 students through my experience as an tutor with numerous programming projects.
 - Personally guided 10~ through a full-fledged game in C# Unity.
- Tutored K-12 in programming, particularly with game design in Unity C#, JavaScript, and block coding .
- Over the summer, I ran numerous summer camps by myself, the topics including cryptography and best practices in game design.
