Work Experience

Programming Tutor

Code Ninjas - Trinity, FL
May 2023 to Present

I taught JavaScript, C# (with Unity framework), HTML/CSS/JavaScript for web development course, I also taught Python. My main experience was successfully guiding multiple students towards completed projects in C#, and getting them to love code just as much as I do.

Courtesy Clerk

Sprouts Farmers Market - Trinity, FL
December 2021 to July 2022

I helped customers and successfully helped the store during closing hours. I did this in a team, and in this role I learned countless lessons of teamwork and leadership.

Education
